# NEWSLETTER

**February 1 through 15, 2002**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **February 1 through 15, 2002.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse.html#clearinghouse](http://www.opr.ca.gov/clearinghouse.html#clearinghouse)

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte Joung and Karen Fowler (for projects in Northern California)  
Scott Morgan and Brian Grattidge (for projects in Southern California)

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

# CEQA & Planning Case Law

## Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

### CEQA Cases

**Case Name (No.):** *Friends of the Santa Clara River v. Castaic Lake Water Agency*

**Court, Filing Date:** Cal. App. 2nd/4, 02/06/2002

**Source:** 2002 Daily Journal D.A.R. 1477

**Summary of Ruling:** Order and Opinion - Castaic Lake's "Tiered" Environmental Impact Report is decertified after decertification of the Monterey Agreement's Environmental Impact Report.

### Planning Cases

**Case Name (No.):** *Topsail Court Homeowners Association v. County of Santa Cruz (H022122)*

**Court, Filing Date:** Cal. App. 6<sup>th</sup>, 01/28/2002

**Source:** 2002 Daily Journal D.A.R. 1067

**Summary of Ruling:** Water treatment facility is not exempt from zoning regulations.

*Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.*

# Federal Notices

## Intergovernmental Review Notices (February 1<sup>st</sup> – 15<sup>th</sup>)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

**Telephone:** (530) 622-5061

**E-mail:** N/A

**Address:** 100 Forni Road, Placerville, CA, 95667

**Description:** On November 6, 2000, Regional Forester, signed a decision notice and finding of no significant impact related to an amendment of license for the El Dorado Hydroelectric Project, No. 184. The purpose of this letter dated January 17, 2002 is to review changed circumstances related to the sites where tunnel spoils will be deposited and to reauthorize the special use permit for the project. The Forest Supervisor determined that a revision to the environmental assessment is not necessary and that the decision remains in effect and unchanged. Once the three SWPPPs are revised to delete references to segregating spoils at the three new sites, implementation may continue.

# CEQA Documents

## Key for abbreviations of Document Type :

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Friday, February 01, 2002</u></b>			
2002024002	Mendota Pool 2002 Exchange Agreements U.S. Bureau of Reclamation Mendota--Fresno The proposed action is to exchange up to 25,000 acre feet of non-central valley project groundwater for an equivalent amount of central valley. Project water from the Delta Mendota Canal at Check 13. The groundwater will be pumped between March 1, 2002 and November 30, 2002. The exchanged water will be distributed to lands owned by the Mendota Pool Group members throughout Westlands Water District.	EA	02/28/2002
2001032093	200-228 Broadway Mixed Use Project Oakland, City of Oakland--Alameda The proposed project consists of approximately 245,000 total sf of new development that includes 109 market-rate for-sale housing units, ground-floor retail, and four levels of office space. A parking structure containing 290 parking spaces is also proposed as part of the proposed project, within the new building, for a total of 355,000 sf of new development on the project site.	EIR	03/20/2002
2001072102	2001 Summer General Plan Amendment - GPA 11-00/01-09 - Sierra Pacific Industries Plumas County --Plumas General Plan Amendment and Rezone	EIR	03/18/2002
2001081094	Proposed Amendments to the Redevelopment Plans for the Agua Mansa, Central Business District, Gateway and Industrial Redevelopment Projects Rialto, City of Rialto--San Bernardino The need to establish an Amendment has been deemed necessary for the purposes of i) merging the Existing Plans for the purpose of flowing tax increment between Project Areas (merging the Existing Plans will create the "Merged Project Area"), ii) including the Added Territory within the Merged Project Area (hereinafter all references to the Merged Project Area means the Project Areas plus the Added Territory unless stated otherwise), iii) reviewing existing time and fiscal limitations contained within the Existing Plans to determine which limitations, if any, should be amended, and then amend the same, and iv) restating the Existing Plans into a single redevelopment plan (the "Amended Plan") document. The Agency proposes to do this so that it can, subsequent to completion of the Amendment increase its ongoing efforts to implement redevelopment projects and programs designed to: upgrade public facilities and infrastructure, promote and facilitate economic development and job growth, provide additional affordable housing opportunities, and generally improve the quality of life for residents, business and property owners within the parts of the City located in the Project Areas, the Added Territory, and the City of Rialto as a whole. While not proposed as specific projects at this time, these actions are possible activities that may be undertaken over the 30-year effective life of the Amended Plan.	EIR	03/21/2002

## CEQA Daily Log

Documents Received during the Period: 02/01/2002 - 02/15/2002

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Friday, February 01, 2002</u></b>			
2001122053	I-880 / Coleman Avenue Interchange Improvements Santa Clara Valley Transportation Authority San Jose--Santa Clara The project consists of reconstructing the existing I-880/Coleman Avenue Interchange in San Jose for the purpose of improving traffic operations and safety. The entire interchange will be reconstructed, including replacing the existing bridge over I-880 and modifying all existing onramps and offramps. The project also includes modifications to Coleman Avenue, Airport Boulevard, and Newhall Street in the proximity of the interchange.	<b>EIR</b>	03/18/2002
2002024001	Mecca Soil Recycling Facility Bureau of Indian Affairs, Sacramento Area --Riverside Construct a soil remediation facility over a pre-existing site.	<b>JD</b>	03/01/2002
2002021004	Los Angeles Pierce College Facilities Master Plan Los Angeles Community College District Los Angeles, City of--Los Angeles The proposed Pierce College Facilities Master Plan would maintain the College's agricultural integrity while providing enough space and modernization to accommodate a projected enrollment in the year 2010 of 25,555 students or 18,050 full time equivalent students. The Master Plan proposes construction of new facilities and renovation and modernization of existing facilities. The District is also seeking public/private partnerships to expand its facilities and educational opportunities. The majority of the projects under the Master Plan are Proposition A Bond projects, while the remainder are part of the public/private partnership program. The Proposition A Bond projects discussed in the Master Plan include but are not limited to: new and enhanced student classrooms and resources, administrative and faculty offices, maintenance and operations facilities, agricultural facilities, and an events center that would enhance Pierce College's agricultural curriculum as well as hold events open to the public. The public/private partnership program may include life-long learning residences, student dormitories, an agricultural science building and a horticulture building. Aspects of the Master Plan and implementation of several of the partnership projects may require zoning/planning approvals from the City of Los Angeles. The Master Plan construction scenario addresses development that is expected to commence in 2002 and continue through approximately the year 2010. Completion of the projects proposed under the Master Plan would result in an increase of several hundred thousand square feet of building area on the campus. Currently there is approximately 600,000 gross square feet of building area and 3,600 parking spaces on campus.	<b>NOP</b>	03/04/2002
2002021006	Ventura Harbor Master Plan Ventura Port District Ventura--Ventura The City and Port District jointly undertook preparation of the Master Plan to serve as a single, consolidated reference document for planning, development, and environmental management policies affecting Ventura Harbor. As such, the Master Plan incorporates policies from the City's Comprehensive Plan and Local Coastal Plan, as well as the Port District's plans for improving the economic vitality of the harbor area, enhancing harbor related facilities and services, expanding	<b>NOP</b>	03/04/2002

	existing uses, and establishing new uses within the harbor. The Master Plan will, when adopted by the City as a Specific Plan, constitute the zoning for the Ventura Harbor. Implementation of the Master Plan would permit the development and/or redevelopment of approximately 984,100 sf of resort, commercial, marine-related, and office uses, as well as up to 610 mobilehome and multi-family residential units within the harbor area. This represents an increase of 635,441 sf of resort, commercial, marine-related, and office uses, and 300 new multi-family dwelling units.		
2002021008	General Plan Amendment No. 01-04, Change of Zone No. 01-07, Conditional Use Permit No. 01-17 and Imperial Valley Mall Tentative Subdivision Map El Centro, City of El Centro--Imperial The project proposes an annexation, a general plan amendment, a rezoning, a conditional use permit and tentative map for 160 +/- acres of land located adjacent to the southeastern City limits in order to accommodate the development of a 920,000 square foot regional indoor shopping center mall.	<b>NOP</b>	03/04/2002
2002021009	Schuyler Heim Bridge Replacement and Alameda Corridor Truck Expressway Project Caltrans #7 Long Beach, Los Angeles, City of--Los Angeles The proposed project consists of replacement of the Schuyler Heim Bridge (Bridge Number: 53-2618) over the Cerritos Channel at the Port of Long Beach and construction of an elevated truck expressway between the Schuyler Heim Bridge and Pacific Coast Highway (SR1) in the Wilmington community of Los Angeles.	<b>NOP</b>	03/04/2002
2002012110	Restoration Demonstration Project Alameda County Resource Conservation District --Alameda The proposed project will restore 200 feet of bank of San Lorenzo Creek, replace failed culverts on Cull Creek and a tributary to Eden Canyon Creek, and install water and sediment control at Eden Canyon Ranch. The project will serve as demonstration and education in the San Lorenzo Creek watershed.	<b>Neg</b>	03/04/2002
2002021001	Tesoro Del Valle Elementary School Saugus Union School District --Los Angeles The Saugus Union School District ("District") proposes to undertake the acquisition of approximately 10.8 acres of construction ready land for the construction and operation of the proposed Tesoro Del Valle Elementary School ("Project"). The Project contemplates construction of classroom facilities organized in single-story buildings with covered walkways and fencing. Facilities to be constructed include classrooms for approximately 776 students in grades kindergarten through six (K-6); administration and library buildings; kitchen; outdoor food shelter; multi-purpose auditorium; parking facilities for visitors and staff with approximately 80 spaces on site; bus-loading/drop-off area; parent loading/drop-off area and athletic play courts including hardscape and turf playfields. Lighting includes low level security lighting, signage lighting, and illumination of the surface parking lot and associated pedestrian areas.	<b>Neg</b>	03/04/2002

<b><u>Documents Received on Friday, February 01, 2002</u></b>			
2002021002	Lennox Garbage Disposal District Formation Los Angeles County Department of Public Works --Los Angeles Lennox Garbage Disposal District Formation.	<b>Neg</b>	03/08/2002
2002021003	Poway Creek Site Removal Program Poway, City of Poway--San Diego The proposed project involves a one-time site removal along Poway Creek along areas generally between Midland Road and Pomerado Road and the installation of a maintenance vehical access ramp on the west side of Community Road. The project will involve the removal of excess quantities of silt necessary to provide a corrected engineered flow to the channel that will permit floodwaters to remain within the existing channel. The final design will retain a small center crest creating two low flow stream channels on either side of the ridge. The pedestrian access ramp will be installed along an existing riprap slope terminating on the concrete apron of a bridge box culvert.	<b>Neg</b>	03/04/2002
2002021005	UCLA Stunt Ranch Santa Monica Mountains Reserve Replacement Facilities Project University of California, Los Angeles Calabasas--Los Angeles The project involves construction of educational and research facilities at the UCLA Stunt Ranch Santa Monica Mountains Reserve to replace those destroyed in the Malibu firestorm of 1993. The 6.7-acre Reserve is part of the UC Natural Reserve System administered by UCLA's Department of Biology. The proposed replacement facilities include an education center (approximately 3,315 gross square feet) and a Reserve manager's residence (approximately 1,650 gross square feet) to be constructed on the same general locations as the former structures. Due to unstable soil conditions, all of the proposed facilities would be portable modular structures which could be re-leveled should the need arise. Utility lines would remain above ground and be serviced by flexible connections. Water would be supplied by an off-site pump station. Two above ground water storage tanks would be provided for fire fighting purposes. In addition, the project includes renovation of a concrete reservoir to repair cracks (lined with a waterproof membrane) to prevent captured rainwater from slowly seeping into the soil. Wastewater generated by the project would be processed in an in-site treatment facility in which treated wastewater would empty into a new evaporative artificial wetland constructed with a waterproof membrane.	<b>Neg</b>	03/04/2002
2002021007	Santa Clara River - South Fork (Drop Structure and Rock Groins) Los Angeles County Department of Public Works Santa Clarita--Los Angeles The proposed project consists of construction of a 350-foot-wide concrete drop structure in the Santa Clara River-South Fork approximately 400 feet downstream of Magic Mountain Parkway, and a reinforced concrete invert ramp. The project also includes construction of six interim rock groins, each approximately 34 feet-long, at the toe of existing levee at Private Drain No. 1947, located on the south side of the South Fork downstream of Valencia Boulevard. The proposed project will require acquisition of right of way from Newhall Land and Farming Company.	<b>Neg</b>	03/04/2002

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Friday, February 01, 2002</u></b>			
2002021010	Goldberg Minor Subdivision Monterey County Planning & Building Inspection --Monterey A Minor Subdivision to subdivide a 4.9 acre parcel into two parcels (1.5 and 3.4 acres). Two single family dwellings currently exist on the property. No other developments or improvements are proposed.	<b>Neg</b>	03/04/2002
2002022001	Amendment to Zoning Ordinance Re: Accessory Structures (Height Size Limits, etc) Santa Cruz County --Santa Cruz Amendments to Chapter 13.10 relating to non-habitable accessory structures.	<b>Neg</b>	03/12/2002
2002022002	City of Roseville Diamond Creek Well Project Roseville, City of Roseville--Placer The project consists of construction of a well and pump station. This well and pump station site will be approximately 50 feet by 100 feet and will be located north of the intersection of Parkside Way and Northpark Drive. The well and pump station will be used as back-up for existing water supplies during critically dry periods, potentially starting in the summer of 2002.	<b>Neg</b>	03/27/2002
2001091020	Tentative Tract Map No. 5266; CDP# (P2 00-5-85) Oxnard, City of Oxnard--Ventura The project represents a water-oriented, mixed-use development consisting of residential, commercial, and recreational land uses, as well as associated marina channels, roadways, and other improvements. A total of 748 dwelling units are planned by the project. Approximately 274 single-family dwellings and 42 multi-family units are to be constructed on 33.4 acres of the site, with these units counting towards the maximum allowable density set forth by the Mandalay Bay Phase IV Specific Plan within which the site is located. Additional residential units are allowed within the visitor serving and mixed-use areas. Under these designations, the project has an additional 432 residential units, along with approximately 167,000 square feet of commercial space. Both the mixed-use and visitor serving commercial areas are located along Victora Avenue and Wooley Road. Approximately 35 acres of the project site is designated for such uses. The balance of the project is planned for open water (32 acres), parks and recreation (16.5 acres), and necessary infrastructure improvements.	<b>SIR</b>	03/18/2002
1987032415	Spanos Park West Project Stockton, City of Stockton--San Joaquin Redesign, development and operation of the previously-approved A.G. Spanos Park West Project, including a mixed-use business park and residential village community located south of Eight Mile Road, west of Interstate 5 (I-5) Freeway and north of Pixley Slough. The revised Spanos Park West Project will require various discretionary approvals, including: General Plan Amendments, Rezoning, Specific Plan Amendment for Eight Mile Road, Master Development Plan, and Development Agreements (GPA3-00, GPA8-00, Z-4-00, Z-10-00, SPA1-00, MDP1-00, DA3-01).	<b>NOD</b>

<b><u>Documents Received on Friday, February 01, 2002</u></b>			
1990021082	Mercy Charities Affordable Housing Project, Gleason Park Neighborhood Stockton, City of Stockton--San Joaquin Rezoning to M-2, Heavy Industrial District, of existing unzoned 1.07 acre parcel (abandoned street) at 760 East Hazelton Avenue.	<b>NOD</b>	
1997071087	Prado Basin and Vicinity, Including Stabilization of the Bluff Toe at Norco Bluffs U.S. Army Corps of Engineers Corona, Norco, Yorba Linda, Anaheim--Riverside, Orange, San Bernardino The CDFG has issued an Agreement Regarding Proposed Stream Alteration (SAA#6-2001-263) ("agreement") to the Orange County Flood Control District ("applicant") in conjunction with the applicant's proposal to alter the stream in order to construct flood control improvements to provide flood protection to areas susceptible to floods ranging from 100-year to 190-year frequencies within San Bernardino, Riverside and Orange Counties. The project features include Norco Bluffs toe stabilization, structural improvements within Prado Dam and Basin, and flood control improvements downstream of Prado Dam in Reach 9 of the Santa Ana River. Approximately 52.6 acres of riparian habitats will be directly destroyed or disturbed as a result of the construction of the project, 30.6 acres permanently impacted and 22.0 acres temporarily. Impacts to the stream that are designated as non-riparian habitats include areas with Arundo, unvegetated soft bottom, and unvegetated perennial stream, and a total 45.4 acres (23.9 acres permanent, and 21.5 acres temporary impacts). Permanent impacts to non-riparian impacts are as follows: 11.5 acres of Arundo, 9.0 acres of perennial stream, 3.4 acres of unvegetated soft-bottom. Temporary impacts to non-riparian impacts are as follows: 15.8 acres of Arundo, 4.2 acres of perennial stream, and 1.5 acres of unvegetated soft-bottom.	<b>NOD</b>	
1997121037	Golden Valley Ranch Santa Clarita, City of Santa Clarita--Los Angeles The project involves the construction of 498 single-family residential units (108 units would be age-restricted for a senior citizen complex). A 50-net-acre commercial center would extend along the site's western boundary, adjacent to SR14. Other on-site uses include a 10-acre elementary school, a three-acre trailhead, a 1.6-acre fire station site. As part of this project, 974 acres (77 percent of the site) would remain as natural open space with an eight-mile trail system. Requested entitlements include a General Plan amendment (Land Use Element and Circulation Element), prezone, annexation to the City of Santa Clarita, tentative tract map, oak tree permit, conditional use permit, and a hillside review.	<b>NOD</b>	
1998111019	Westview High School Poway Unified School District Poway--San Diego Establishment of attendance boundaries at Westview High School.	<b>NOD</b>

<b><u>Documents Received on Friday, February 01, 2002</u></b>			
2000092078	Antelope Creek Bridge Replacement Caltrans --Tehama The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1601 of the Fish and Game Code to the project applicant, Mr. Jonathan Oldham representing California Department of Transportation. The project proposes the replacement of the existing bridge across Antelope Creek on State Highway 99 with a single-span cast-in-place prestressed concrete and box girder bridge, on Antelope Creek, a tributary to the Sacramento River, Tehama County.	<b>NOD</b>	
2001041116	Proposed Maintenance Station Caltrans #7 Pomona--Los Angeles The proposed project provides accommodations for road repair crews and highway maintenance equipment. The project would support necessary resources to service the freeways and highways for the motoring public and improve response times to emergency and routine maintenance. This facility accommodates crews from the existing Pomona Maintenance Facility that would be displaced from a City of Pomona Mission Boulevard improvement project.	<b>NOD</b>	
2001051076	Tentative Tract Map 53114 - McGrath School Project Santa Clarita, City of Santa Clarita--Los Angeles The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement (SAA #R5-2001-0318) pursuant to Section 1603 of the Fish and Game Code to the project applicant, Randy Wrage of EZ Access Self Storage, LLC. The applicant proposes to construct a public elementary school and 53 single-family residential lots and bank stabilization on Newhall Creek per conditions set forth by the Los Angeles County Flood Control District.	<b>NOD</b>	
2001052010	Cedar Pass Climbing Lane Caltrans --Modoc The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1601 of the Fish and Game Code to the project applicant, Mr. Derek Willis representing California Department of Transportation. The project proposes to construct a .3 mile long passing lane on Hwy 299 between Alturas and Cedarville. Construction requires the extension of culverts in three ephemeral drainage systems, and the realignment of the stream channel at two of the three culvert sites, on unnamed tributaries to Cedar Creek, Modoc County.	<b>NOD</b>	
2001061094	Replacement of the Ocean Pier for Moss Landing Marine Laboratories California State University Trustees --Monterey Demolish an existing badly damaged concrete abutment structure and wooden pier, and replacing it with a new concrete pier approximately 500 feet long with an abutment structure.	<b>NOD</b>

2001102064	Vandegrift Trust Timberland Conversion Forestry and Fire Protection, Department of --Butte This project consists of the issuance a Timberland Conversion Permit for exemption from Forest Practice Act tree stocking requirements on 8.37 acres of timberland rezoned from TPZ to Timber Mountain for continued development of an outdoor wedding and reception area. No logging will be necessary to complete the proposed work. Project determined to have a DeMinimis Impact on wildlife will be exempted from CDFG filing fees.	<b>NOD</b>	
2001109005	Minor Subdivision MS-00-06 Solano County, Department of Environmental Planning Services Suisun City--Solano The operator proposes to construct a 1,000 foot road which includes a freespan bridge over Green Valley Creek, Solano County to access four residential lots that will be developed in the future. The existing bridge to the north was deemed unacceptable because fire trucks and other surface vehicles could not safely use the bridge. The flatcar bridge will span the creek and will not contribute to fill of waters of the State. The bridge construction will impact two alders, one big leaf maple, one coast live oak and part of a blackberry thicket. The trees will be mitigated at a 3:1 ratio. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number R3-2001-0692 pursuant to Section 1603 of the Fish and Game Code to the project operator, Ben Volkhardt.	<b>NOD</b>	
2002029001	Avenal Day Care/Education Center Facility Avenal, City of Avenal--Kings Application to proceed construction and operation of a Child Daycare facility with a capacity of over 50 children. The children will range in ages from infant, toddler and preschool. The children will come mostly from the city limits of the City of Avenal. The facility will be owned by the City of Avenal and operated by West Hills Community College. There will be financial assistance available to most families using the facility. The City will use State and Federal funds through grants and loans to enable the facility to be operational.	<b>NOD</b>	
2002029002	Avenal Park and Ride Facility Avenal, City of Avenal--Kings Application to proceed with land acquisition and design of a Park and Ride Facility for 100-200 vehicles in the City of Avenal. The City will utilize State and Federal funds through grants and loans to make the facility ready to operate.	<b>NOD</b>	
2002029003	Streambed Alteration Agreement R3-2001-0915/THP 1-01-371 MEN Fish & Game #3 --Mendocino The applicant proposes the following 8 (eight) activities that have the potential to substantially divert or obstruct the natural flow or substantially change the bed, channel, or bank of a river, stream, or lake designated by the Department (California Fish and Game Code, Section 1603): Activity 1 and 2 propose to draft water out of a Class II watercourse for the purpose of dust abatement; Activity 3 proposes to draft water from a pond that is not associated with a watercourse (the site was excavated in order to convert a spring or wet area into a water hole so	<b>NOD</b>

	that water could be drafted for the purpose of dust abatement); Activity 4 proposes to install a railcar bridge either temporarily or permanently across a Class I watercourse; Activity 5 proposes to de-commission (culvert removal) a Class II seasonal road crossing that has failed; Activity 6 proposes to install a permanent culvert on a Class II seasonal road crossing; Activity 7 proposes to remove a Class II crossing that consists of tow culverts (24-inch and 36-inch diameter) over an old Humboldt-style crossing and replace it with a 60-inch culvert and Activity 8 proposes to replace of short (approx. 50-feet) unstable railcar bridge with longer steel-plated bridge. All projects are located within the Sherwood Peak USGS 7.5-minute quadrangle map (specific map coordinates are found in each project description). The proposed projects are associated with the Fox-Reynolds Timber Harvest Plan (THP), 1-01-371 MEN and Falk-Reynolds (THP that is to be located in T19N, R15W sections 5 and 7; T20N, R15W, sections 31 and 32; and T19N, R16W, Section 1, for the purpose of dust abatement using water from sites described in activities 1, 2 and 3). The proposed projects are located in the Middle (Clark) Fork watershed, Mendocino County. The property owner is Campbell Timberland Management LLC, Fort Bragg, California. The associated permit shall be valid for up to 5 (five) years and shall not exceed the permitted duration of the 1-01-371 MEN THP without amending the activity descriptions (i.e., incorporating the THP number for Falk Reynolds). The California Department of Fish and Game (DFG) is executing a Lake and Streambed Alteration Agreement R3-2001-0915, pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Michael Williams, Campbell Timberland Management.		
2002029004	Streambed Alteration Agreement R3-2001-0675/1-01-241 MEN Fish & Game #3 --Mendocino The applicant proposes the following eight (8) projects, that have the potential to substantially divert or obstruct the natural flow or substantially change the streambed, channel, or bank or a watercourse and involve: 1.) Installation of a permanent bridge at a former temporary bridge site along Greenwood Creek (Class I watercourse) associated with THP 1-01-241 MEN; 2.) Reinstallation of three (3) Class II watercourse crossings for THP 1-01-241 MEN; 3.) Reinstallation of two (2) skid trail crossings in a Class II watercourse for THP 1-01-241 MEN; 4.) Correction of one erodent diversion at an existing skid trail crossing in a Class II watercourse for THP 1-01-241 MEN; 5.) Removal of a relic Humboldt log crossing in a Class II watercourse associated with THP 1-01-242 MEN; 6.) Installation of a rocked ford crossing on a Class II watercourse associated with THP 1-01-254 MEN; 7.) Installation of four (4) Class II crossings and one (1) Class III crossing associated with THP 1-01-358 MEN; and 8.) Conduct water drafting from three (3) sites on Greenwood Creek (Class I watercourse) for the following THPs: 1-01-254 MEN, 1-01-020 MEN, 1-01-241 MEN, 1-01-041 MEN, 1-99-339 MEN, 1-99-227 MEN, 1-00-228 MEN, 1-99-188, 1-99-451 MEN, Upper South Fork Greenwood, South Two Frog, Big Tree Gulch, Corrals, North Cabin, Lower South Greenwood, and Upper Three Springs. The California Department of Fish and Game (DFG) is executing a Lake and Streambed Alteration Agreement R3-2001-0675, pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Russ Shively. Mendocino Redwood Company, LLC.	<b>NOD</b>

2002021011	CUP 2001-26, Shein Dairy Madera County Planning Department Madera--Madera The project consists of a request for a conditional use permit to allow an additional milking barn and related facilities for a dairy operation to serve an existing herd.	<b>Neg</b>	03/05/2002
2002021012	General Plan Amend GPA 01-004 and Zone Change PZ 01-006 Tulare County Resource Management Agency --Tulare To obtain land use designation and zoning to allow a cardboard box manufacturing plant to move into existing warehouse and to allow for future expansion for this and other related uses. Tri-wall to manufacture multiple layered cardboard boxes up to 9 layers thick. Boxes to be sold for use to transport engines, parts and equipment, bulk fruit, various other agricultural, commercial and industrial commodities. Future expansion type(s) unknown.	<b>Neg</b>	03/05/2002
2002021013	New Fairview Water Storage Tank Sunnyslope County Water District Hollister--San Benito Construct a 3.5 MGD welded steel water storage tank, and associated grading, landscaping, and drainage improvements.	<b>Neg</b>	03/06/2002
2002021014	Indiana Street Extension/Widening (includes water well No. 28) Porterville, City of Porterville--Tulare The City of Porterville is proposing to resurface the existing Indiana Street and extend and widen the street to four lanes from Morton Avenue to 300 feet south of Olive Avenue. The proposed site is located primarily in a residential neighborhood, although a utility substation and commercial uses are located north of Olive Avenue. The City is proposing to construct a new bridge where Indiana Street would span Porter Slough. Porter Slough handles storm drainage and irrigation water and is located between Thurman and Putnam Avenues. The proposed new bridge (four lanes) is located approximately 1.35 miles north of the intersection of State Highways 65 and 190, and approximately 0.15 miles east of Highway 65 along Porter Slough. Any missing portions of master planned sewer, water and storm drain systems to include laterals will be constructed within the right-of-way of Indiana Street. The project also includes, the construction of a Master Plan water well at the northwest corner of Putnam Avenue and Indiana Street. Acquisition of additional property west of the existing right-of-way may be required for the water well. Additional property will need to be acquired for the widening of the street toward the southern end of Indiana Street.	<b>Neg</b>	03/05/2002

2001121072	Sea Center Revitalization Santa Barbara, City of Santa Barbara--Santa Barbara The proposed project is located on the "Wye" portion of Stearns Wharf. Currently in the project area is the Sea Center building and associated outdoor touch tank and the Nature Conservancy building. The proposed project includes the removal of these buildings and construction of a new two-story building comprising a total of 6,327 sq.ft. The project would result in an increase of 3,212 sq. ft. of new non-residential square footage. The additional square footage would allow for additional educational and exhibit space, office/workroom space for Sea Center and Nature Conservancy staff, and an elevator. The proposed new Sea Center building would have a maximum building height of 29'6". The existing 659 square foot outdoor touch tank would be removed and replaced with a 614 square foot outdoor oceanography lab. The applicant proposes to construct a platform to the east of the proposed building that would be cantilevered on top of the existing Wharf deck to project five feet beyond the existing edge of the Wharf. On the south side of the new building, the applicant is proposing public restrooms. Demolition and construction of the new Sea Center building is estimated to take	<b>NOD</b>

	approximately 18 months to complete. During certain phases of demolition and construction, access to the Wye portion of Stearns Wharf will be restricted or prohibited to protect public safety and secure the project site.		
2002029005	Viera Ranch Subdivision Contra Costa County --Contra Costa As part of the Viera Ranch subdivision, the operator proposes to install 3,238 linear feet of storm drain line (sizes ranging from 36 inch-66 inch) through 3.72 acres of property just south of Neroly Road in Antioch, Contra Costa County. This pipeline will cross Antioch Creek twice, at locations, (where the creek flows over two dirt roads) using open cut trench method. The trench will be approximately 10 feet wide and 8 feet deep. The pipe will then discharge into the County Flood Control Districts "improved" portion of Antioch Creek, in the location of an existing 72" culvert surrounded by grouted rock riprap. The existing 24" culvert outfalls will tie into the new 72" culvert. Grouted riprap removed shall be replaced with loose rock riprap. All work will be confined to the area of existing rock riprap. No additional riprap is allowed. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number R3-2001-0864 pursuant to Section 1603 of the Fish and Game Code to the project operator, Ray Panek/KB Home.	<b>NOD</b>	
2002029006	Streambed Alteration Agreement R3-2001-0851/1-98-254 SON Forestry and Fire Protection, Department of Yountville-- The applicant proposes three activities: 1.) Install a permanent steel bridge over a Class I watercourse (Kohute Gulch) along an existing seasonal road at crossing location #16 (see road map in timber harvest plan). Bridge abutments will be located outside of the watercourse's channel, and will be made of concrete or large rock. Abutments will be constructed using an excavator, crawler, tractor and/or backhoe. A crane will be used to place the bridge on the abutments. One alder, one willow, several Douglas fir seedlings, and some ferns will be removed during the bridge construction. 2.) Replace existing permanent culverts over Class II watercourse along existing seasonal road at crossing locations #2 and #3. At crossing #2, an existing 30-inch culvert will be replaced by a new permanent 36-inch culverts positioned side-by-side. Perched fill near the outlet of the culvert will be moved back to increase bank stability. At crossing #3, an existing 24-inch culvert will be replaced by a new 36-inch permanent culvert. An excavator, tractor, and/or backhoe will be used to remove and install culverts. As these permanent culvert crossings are existing crossings, very little soil, sand, gravel, or rock will be removed or displaced. 3.) A 0.10-acre man-made pond will be drained to improve slope stability. The pond will be drained slowly, after which an excavator, crawler tractor, and/or backhoe will be used to breach the pond banks. After the pond has been drained, the earthen dam at the leading edge of the pond will be pulled back from the more unstable slopes, and the soil (approximately 10 cubic yards) will be spread on the more stable portions of the area away from any watercourse. The California Department of Fish and Game (DFG) is executing a Lake and Streambed Alteration Agreement 2001-0851, pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Jeff Longcrier, North Coast Resource Management.	<b>NOD</b>

2001012059	New Elementary School Project #3 (Batarse Site) Oakland Unified School District Oakland--Alameda Construct a K-5 elementary school for up to 800 students and 32 faculty and staff. The project would be organized into three small "schools" each housing about 250 students. The project would be about 63,000 square feet. The District does not own the proposed project site. The acquisition of 35 properties would result in the displacement of residences, and commercial and light-industrial businesses.	<b>EIR</b>	03/21/2002
2002022033	Route 1/17 Widening for Merge Lanes Caltrans #6 Santa Cruz--Santa Cruz The California Department of Transportation proposes to address safety issues and improve traffic flow at the intersection of State Route 1 and 17 in the city of Santa Cruz. The project will add merge lanes to the connection between northbound Route 1 and northbound Route 17 and to the connection between southbound Route 1 and the continuation of southbound Route 1.	<b>JD</b>	03/15/2002
2002022011	Humboldt Road Burn Dump Project Chico, City of Chico--Butte The proposed project would include the consolidation of wastes from the 157-acre site into an onsite disposal cell and the application of a final cap. The consolidation area would be approximately 20 acres.	<b>NOP</b>	03/06/2002
1989010052	Bell Elementary School No. 3 Middle School Addition Los Angeles Unified School District The project is the development of the Bell New Elementary School No. 3, Middle School Addition comprising 55,777 square feet. The addition is located adjacent to the Bell New Elementary School No. 3. The project includes 22 general classrooms (including three special education classrooms). The school would change from an elementary school of grades K-5 to a span school of grades K-8. Other facilities include a gymnasium playing fields, music room, library, lecture hall, parent center, student store, and other support facilities. The project has a student capacity of 735 students including 525 two-seat-semester students, 39 special education students and 486 graded students. A total of 157 parking spaces would be provided at the Bell Elementary School and along Crafton Street, a new street that would be constructed as part of this project.	<b>Neg</b>	03/06/2002

2001102083	Keith and Lora Truax (Siskiyou County Road Department) Use Permit and Reclamation Plan (UP-01-52/RP-01-02) Siskiyou County Planning Department Dorris--Siskiyou The Siskiyou County Road Department requests Use Permit and Reclamation Plan approval for a 17-acre open-pit gravel quarry within a 1,163-acre ranch. 225,000 cubic yards of material are planned for harvest over a 15-year mine life. Annual production is estimated at 10,000 to 15,000 cubic yards. The quarry would provide a rock source for road materials for the County's Road Maintenance District 6 in northeastern Siskiyou County. Presently, there are no other County rock sources in this District.	<b>Neg</b>	03/06/2002
2002021019	Olson Industrial Lot San Diego, City of San Diego--San Diego Proposed Site Development Permit No. 40-0495 and rezone for the construction of an equipment and material storage yard on a 13.60-acre site and a driveway connecting the site to Olson Drive through a 3.55-acre site.	<b>Neg</b>	03/06/2002
2002021020	Basin "S" Park Site Project Clovis, City of Clovis--Fresno This project consists of the development of a community park site at the Fresno Metropolitan Flood Control District's Basin "S". The park will feature landscaping, on-site parking, picnic facilities, a playground, walkways, and a running creek.	<b>Neg</b>	03/06/2002
2002021087	Jensen River Ranch Habitat Enhancement and Public Access Plan San Joaquin River Conservancy Fresno--Fresno The Jensen River Ranch project site is a 167-acre parcel owned by the San Joaquin River Conservancy, bordered on the south by the City of Fresno's Woodward Park, on the west by Woodward Bluffs Mobile Home Estates, on the north by the San Joaquin River, and on the east by Friant Road. The proposed project will create a loop hiking trail surrounding restored native habitat areas on the site. Access to the river for fishing and picnic tables are included. Public access has been planned to be compatible with habitat enhancements on the property. The proposed project includes excavation and grading the establish wetland areas, and planting of the wetlands, riparian corridor, and visual buffer for the adjacent residences. The project also includes construction of trails, bridges across on-site wetland and water features, maintenance roads, signs and fencing. The public will access the site from Woodward Park and from the Lewis S. Eaton trail of the San Joaquin River Parkway.	<b>Neg</b>	03/04/2002
2002022013	City of Folsom Housing Element Update Folsom, City of Folsom--Sacramento The project proposal is to adopt a comprehensive amendment/update to the Housing Element of the City of Folsom General Plan for the Planning Period of 2001 through 2007. This update to the Housing Element contains revised and expanded housing policies and programs, as well as new quantified short-range housing objectives. The housing construction targets assigned to the City as its regional "fair share" totals 4,269 units (1,672 Very Low Units; 1,185 low units, and	<b>Neg</b>	03/06/2002

<b><u>Documents Received on Tuesday, February 05, 2002</u></b>			
	1,412 Moderate Units). After accounting for units already constructed, a remainder of 3,801 units still need to be provided for during the balance of the planning period (through June 30, 2007). The Housing Element Update provides details regarding the location of vacant sites that could accommodate all of the identified units. Implementation programs, in particular Program 18f, indicate the need to rezone vacant sites to higher densities to accommodate the City's fair share of the regional housing need. The Housing Element further identifies constraints to housing production and recommends actions for removing or reducing the identified constraint.		
1998041022	Pier S Marine Terminal Project Long Beach, Port of Long Beach--Los Angeles Modification to Pier S Terminal Project involving the widening of the Cerritos Channel by 108 feet.	<b>NOD</b>	
1998111030	Groundwater Replenishment System Orange County Water District Huntington Beach, Anaheim--Orange The GWR System is a joint water reclamation project of OCWD and OCSD. The GWR System would take secondary-treated wastewater from the OCSD Reclamation Plant No. 1 and treat it to meet drinking water standards. The advanced tertiary treatment process would include microfiltration (MF), reverse osmosis (RO), and ultra violet (UV) disinfection systems. A portion of the highly treated, reclaimed water would then be pumped from the OCWD treatment plant in Fountain Valley to existing spreading basins in the City of Anaheim to recharge the groundwater basin and augment water supplies. The remainder of the highly treated water would also be used to expand the existing saltwater intrusion barrier and augment the supply of reclaimed water used by local irrigation projects and industrial customers.	<b>NOD</b>	
2001031120	Otay Ranch General Development Plan Amendments/Village II Sectional Planning Area Plan Chula Vista, City of Chula Vista--San Diego Develop the 489-acre Village 11 Sectional Planning Area which is a part of the Otay Ranch General Development Plan. Village 11 will consist of the following uses: residential (304.0 acres), parks (16.7 acres), open space (49.2 acres), community purpose facilities (5.5 acres), schools (36.6 acres), commercial land uses (10 acres), and streets (66.2 acres). SAA # R5-2001-0346	<b>NOD</b>	
2001052010	Cedar Pass Climbing Lane Caltrans --Modoc The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1601 of the Fish and Game Code to the project applicant, Mr. Jonathan Oldham representing California Department of Transportation. The project proposes the construction of a .3 mile long passing lane on Hwy 299 between Alturas and Cedarville. Construction requires the extension of culverts in three ephemeral drainage systems, and the realignment of the stream channel at two of the three culvert sites.	<b>NOD</b>

<b><u>Documents Received on Wednesday, February 06, 2002</u></b>			
2002029007	La Verne Wellhead Treatment - Live Oak Basin Conjunctive Use Permit La Verne, City of La Verne--Los Angeles The City of La Verne has proposed the construction of wellhead treatment systems and related piping at its production facilities to reduce nitrate levels to acceptable levels. The primary focus of this work emphasizes the city's existing facilities within the Live Oak Basin; a secondary focus will be on existing facilities within the Pomona Basin. This includes the La Verne Heights well field and Amherst well in the Live Oak Basin and the Cartwright, Lincoln and Mills Tract wells in the Pomona Basin. Development of new well is also contemplated within this project that will support or replace existing facilities. The construction of buildings or similar structures to protect and house equipment associated with the proposed treatment systems is also contemplated. It is anticipated that an ion exchange (IX) or similar treatment system will be capable of treating up to 1,000 gallons per minute within each basin. It is anticipated that the waste product from the treatment system will be introduced either directly to the sewage collection system or hauled away to an appropriate facility.	<b>NOD</b>	
2002028048	Well No. 558W1-34 (030-19982) Conservation, Department of --Kern Drill development well within the administrative boundaries of an oil and gas field. The well will be compatible with existing land use.	<b>NOE</b>	
2002028090	Agreement No. R4-2001-0168; Fancher Creek and Unnamed Tributary, Fresno County Fish & Game #4 --Fresno Placement of a 4-inch PVC pipe within Fancher Creek to divert a maximum of 20 gallons per minute into a pond for recreation and fish and wildlife use. The pond will have a 4-inch PVC outflow which will re-enter the creek. Placement of a 3/4 inch line within a tributary Fancher Creek to divert water into a pond for recreation and fish and wildlife use. The pond will have a 4-inch PVC outflow which will re-enter the creek.	<b>NOE</b>	
2002028091	Colma Creek Bridge Project Fish & Game #3 South San Francisco--San Mateo The project involves the replacement of an existing Caltrain bridge over Colma Creek. Issuance of a Streambed Alteration Agreement Number R3-2001-0763 pursuant to Fish and Game Code Section 1601.	<b>NOE</b>	
2002028092	Kingdom Hall Church Outfall Fish & Game #3 Fremont--Alameda The operator proposes to collect runoff from the Kingdom Hall Church parking lot and to discharge the runoff into an unnamed drainage at 1611 Washington Boulevard, Fremont, Alameda County. The original design of the outfall was to discharge at the top of slope. This has caused severe erosion and undercutting of the upperbank which has caused the bank to sluff off into the channel.	<b>NOE</b>

2000101002	<p>Cajon Creek Water Percolation Project San Bernardino Valley Municipal Water District San Bernardino--San Bernardino CDFG is executing a Lake and Streambed Alteration Agreement (SAA #6-2001-63) pursuant to Section 1601 of the Fish and Game Code to the project applicant, City of San Bernardino Municipal Water Department. The applicant proposed to optimize the recharge of groundwater, to be accomplished by altering the flow of surface water within the channel within Cajon Creek to utilize other flow lines within the Cajon Wash. To accomplish this, the project proposes to construct a rock and earthen berm across the presently active flow line of the creek to divert flows in the channel toward the central portion of Cajon Wash. The project is located in Devore in San Bernardino County.</p>	<b>NOD</b>	
2001051007	<p>DeLuz Murrieta Pipeline Extension Fallbrook Public Utility District --San Diego CDFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1601 of the Fish and Game Code to the project applicant, Mr. Joe Jackson, representing Fallbrook Public Utility District. The applicant proposes to alter the streambed within an unnamed stream, tributary to DeLuz Creek and the San Luis Rey River to accommodate the 7,000 foot extension of the DeLuz-Murrieta waterline, impacting 0.01 acre of streambed. The majority of the line will be within the paved area of DeLuz Murrieta Road, however there are two stream crossings. Both of these crossings will require temporary stream diversion while the pipeline is encased in concrete off of the existing concrete ford structures.</p>	<b>NOD</b>	
2001062115	<p>Cache Slough Shaded Riverine Aquatic Habitat Enhancement Project Reclamation District 2060 Rio Vista--Solano Reclamation District 2060 proposes to carry out a levee bank restoration project and restore shaded riverine aquatic habitat on the repaired levee banks within its jurisdiction. The erosion of banks in the project area has created a potential threat to public safety due to the potential failure of the levee during high flow periods.</p>	<b>NOD</b>	
2001091081	<p>Blythe Water System Improvements Blythe, City of Blythe--Riverside Two 1500 gpm drinking water wells to be located near the northern corners of a 40-acre site; water treatment facilities, water storage reservoir, booster pump station, control building, office, laboratory and maintenance shop, to be located on a 10 acre portion of the 40-acre site; water pipelines along Chanslorway and Intake Boulevard to connect the site with the existing Blythe water system; and water pipelines to the rural communities of Ripley and Mesa Verde, located within or adjacent to existing road ROWs, including Hobsonway, SR-78, or Arrow Boulevard. (Alt. 1).</p>	<b>NOD</b>

2001102116	<p>Chico Municipal Airport Groundwater Remediation Toxic Substances Control, Department of Chico--Butte</p> <p>The proposed project under consideration by the Department of Toxic Substances Control (DTSC) is the approval and implementation of a Remedial Action Plan (RAP). The proposed remedial action consists of the extraction and treatment of contaminated groundwater by carbon absorption to levels below those specified in the State Water Resources Control Board's Resolution 92-49 (i.e. background or non detect). The primary groundwater contaminant at the site is Trichloroethene (TCE), which would be extracted and treated from two Site locations; the existing groundwater extraction well in the center of the plume, and a new groundwater extraction well to be installed at the southwestern (downgradient) end of the plume. The project also includes the installation of six new groundwater monitoring wells further downgradient to monitor plume migration. The intent of the proposed removal action is to capture the higher contaminant concentrations in the mid-plume prior to downward migration.</p>	<b>NOD</b>	
2001121034	<p>Anaheim Higher Education Center Project North Orange County Community College District Anaheim--Orange</p> <p>The NOCCCD is proposing to renovate and convert the existing 206,154 square foot structure formally occupied by the Martin Luther Memorial Hospital to an educational facility. The AHEC will occupy the first, mezzanine, second, third, eighth and ninth floors, with a total floor area 142,074 square feet. The remaining five floors, each floor consisting of 12,816 square feet of total floor area, will be leased as office space or other similar uses. The proposed project will not result in the creation of any new significant structures or modifications to the exterior of the existing structure, such as additional floors or wings. The proposed project will not involve the construction of new buildings or structures. The proposed project will involve the renovation of the interior of the former hospital building to accommodate classrooms, offices, and other ancillary uses. Additionally, the project proposes to remove seven parking stalls, of the existing 737, to accommodate a play yard for the daycare center. The play yard will be located along the northerly portion of the existing building in the former emergency room parking area.</p>	<b>NOD</b>	
2001121035	<p>FCC Library and Learning Resource Center North Orange County Community College District Fullerton--Orange</p> <p>The North Orange Community College District is proposing to construct a new library and learning resource center within an area currently occupied by the student center (Building 800). The primary element of the proposed project includes the relocation of the existing operations with Building 800 to the newly remodeled Building 200. The remodeled Building 200 will accommodate the new student center and bookstore. The existing Building 800, consisting of 29,720 square feet, will then undergo demolition after the relocation of the existing uses is complete. Following the demolition of the existing Building 800, the site will undergo the necessary preparation for the new construction of the Library/LRC. Infrastructure connections will be installed during this development phase. The new two-level, 67,680 square foot structure will be constructed. The first floor of</p>	<b>NOD</b>

2002028195	Ripley Community Park Improvements Economic Dev. Agency County of Riverside --Riverside Project involves the installation of new playground equipment, picnic shelters, restroom upgrades, parking improvements, and landscaping at an existing 5.3 acre park facility.	<b>NOE</b>	
2002028196	Stanley Creek Restoration Fish & Game #3 Napa--Napa The operator proposes to remove re-sprouting arroyo, red and yellow willow trees, and three sapling Fremont cottonwood trees from the low flow channel. The sprouting trees have been deflecting water and causing bank erosion. The trees proposed for removal range in size between 0.5 inch to three inches diameter at breast height. There are 13 patches of Himalayan blackberries and periwinkle growing along the creek channel on the property. The operator proposes to remove the vegetation and plant native riparian species. The operator would also like to repair three erosion areas along the creek channel and conduct general erosion prevention in other areas of the stream channel. To compensate for the removal of vegetation, the operator has proposed a native riparian planting plan. A total of 175 native trees and shrubs shall be replanted. Issuance of a Streambed Alteration Number R3-2001-0745 pursuant to Fish and Game Code Section 1603.	<b>NOE</b>	
2002028197	Process II Vineyard Replant Fish & Game #3 Yountville--Napa The proposed vineyard redevelopment includes installation of a 12-inch PVC stormdrain that will outfall into the existing watercourse. At the outfall of the storm drain, a 10-foot by 10-foot rock riprap energy dissipater will be installed. The project also involves the installation of a sump tank that will discharge into the existing watercourse. At the outfall of the discharge line there will be a 5-foot by 5-foot rock riprap energy dissipater. Issuance of a Streambed Alteration Agreement Number R3-2001-1064 pursuant to Fish and Game Code Section 1603.	<b>NOE</b>

<b><u>Documents Received on Monday, February 11, 2002</u></b>			
2002028198	Lafayette Creek Repair Fish & Game #3 Lafayette--Contra Costa The operator proposes to repair the bank around the culvert outlet and remove sediment from the bed of Lafayette Creek, on the south side of El Nido Ranch Road (adjacent to the Bentley School soccer field) in Lafayette, Contra Costa County. Approximately 1-2 feet of rock and sediment will be removed from the bed of the creek, starting at the culvert and proceeding approximately 40 feet downstream. This will allow water to flow under the sanitary sewer that spans the creek. Spoils from the creek will be spread out along the north bank, around the culvert, and covered with rock riprap. Issuance of a Streambed Alteration Agreement number R3-2001-0704 pursuant to Fish and Game Code Section 1601.	NOE	
2002028199	Ground Water Sampling (01/02-SD-32) Parks and Recreation, Department of --San Diego Project consists of allowing the California Department of Transportation access to conduct groundwater sampling in existing test wells.	NOE	
2002028487	Transfer of Coverage to El Dorado County APN 32-322-04 (Sopocko) Tahoe Conservancy --El Dorado Project consists of the sale and transfer of 125 square feet of potential coverage rights from Conservancy owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2002028488	Access Across Conservancy Land for Timber Thinning Tahoe Conservancy --El Dorado Execution of a license agreement to provide access for timber thinning on adjacent Washoe Meadows State Park property. Inspections will be conducted to monitor these temporary activities. The applicable TRPA and Lahontan permits are required to ensure protection of environment.	NOE

**Documents Received on Wednesday, February 13, 2002**

2001072095	Vista College Permanent Facility Project Peralta Community College District Berkeley--Alameda Project is the construction of a building that will comprise the campus of Vista College, a branch of Peralta Community College District. The building will contain 160,000 sf of space in five stories above a ground floor. The project will provide a permanent location for Vista College in a single facility in downtown Berkeley, and is intended to accommodate the expected growth of Vista College enrollment through the year 2016. <b><u>Documents Received on Wednesday, February 13, 2002</u></b>			
2001111150	<p>Second Amendment to the Hollister Community Development Plan Hollister, City of Hollister--San Benito</p> <p>The project would involve an amendment to City of Hollister's Community Development Plan (adopted in 1983). The amendment would amend the existing Plan as follows:</p> <ol style="list-style-type: none"> <li>1. Increase the Plan's cumulative tax increment revenue limit from \$87 million to \$650 million;</li> <li>2. Increase the Plan's bonded indebtedness limit from \$35 million to \$75 million;</li> <li>3. Eliminate the Plan's time limit to incur debt;</li> <li>4. Reestablish the Redevelopment Agency's authority to use eminent domain, as a last resort, in portions of the downtown area to acquire property; and</li> <li>5. Amend the Plan by means of adopting an Amended and Restated Plan that will incorporate all recent changes in Redevelopment Law as well as update the aforementioned amendments.</li> </ol> <p>The proposed Second Amendment to the Plan does not include any changes to land uses within the Project Area. Development of individual sites within the Project Area would be consistent with the Hollister General Plan.</p>	EIR	03/29/2002
2001121082	<p>Hector Godinez Fundamental High School Santa Ana Unified School District Santa Ana--Orange</p> <p>Construct a new fundamental high school on 26-acres to house approximately 2,500 students.</p>	EIR	03/29/2002
2001122049	<p>Water Tank Project Calistoga, City of Calistoga--Napa</p> <p>The City of Calistoga proposes to construct a fully-buried, 1.5 million-gallon water tank on top of Mount Washington as a means to better accommodate its municipal water supply and comply with a State order to improve its existing water storage capacity to meet health and safety concerns. A secondary reason for the project is that potential development projects in the city are limited by an inadequate water supply. The development of such a tank would require excavation, truck-hauling of spoils from the project site, and construction.</p>	EIR	04/01/2002
2002021067	<p>California Liquid Fertilizer Monterey County Planning &amp; Building Inspection Gonzales--Monterey</p> <p>A processing plant that processes organic materials which are converted into compost fertilizer for agricultural uses. The project consists of 8 storage tanks on a concrete pad, 3 storage buildings and grading (590 cubic yards). The project site is located approximately 2 miles east of the City of Gonzales in south Monterey County.</p>	NOI	03/14/2002
2002021068	<p>BP Carson Refinery Fluid Catalytic Cracking Unit No Reduction Project South Coast Air Quality Management District --Los Angeles</p> <p>The proposed project is for the BP Carson Refinery Fluid Catalytic Cracking Unit No Reduction Project, which will help the refinery comply with its future-year nitrogen oxides emission allocations under the Regional Clean Air Incentives</p>	NOI	03/14/2002

## CEQA Daily Log

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Wednesday, February 13, 2002</u></b>			
	Market (Reclaim, SCAQMD Regulation XX) program. The Project includes a selective catalytic reduction air pollution control system and aqueous ammonia storage and transfer equipment.		
2002021064	Central Unified Educational Center Central Unified School District Fresno--Fresno Acquisition of 155 acres and the development and operation of an educational center consisting of a high school (2,400 student capacity), middle school (1,000 student capacity), elementary school (840 capacity year-round) and related athletic/recreational facilities. The project includes a football stadium (8,000 to 10,000 capacity).	<b>NOP</b>	03/14/2002
2002022035	Clark Road Subdivision Richmond, City of Richmond--Contra Costa The project is an application for a Tentative Map to subdivide approximately 144 acres for 180 single-family lots in a three-phase development. The first two phases are proposed to consist of a total of 171 single-family units. In the first two phases, 35.1 acres will be devoted to lots. The lots would be at least 6,000 square feet (sf) in area, with the average lot size being 8,950 sf. The third phase is proposed to consist of 9 five-acre minimum single-family lots (average 8.7 acres) for custom homes generally above the 400 ft elevation. Here 78.10 acres will be devoted to lots. Total surface grading will be 600,000 +/- cubic yards. This figure does not include work on buried landfill buttresses, which involves excavating and recompacting soil in place. The final project design will be tailored to balance cut and fill on-site, without the need to import or export soil. 67 +/- acres of contiguous habitat (whipsnake) and nature/scenic preserve area will be created in Phase 3. Following the guidelines and suggestions provided by EBRPD staff, the project will provide EBRPD staging area above Phase 2 for cars and horse trailers, to improve access to Clark Boas Trail and Wildcat Canyon Park. Temporary relocation of the access will be provided around the soil stock pile. Two new wetlands will be created in the Phase 3 area for on-site mitigation.	<b>NOP</b>	03/14/2002
2002022039	Water Supply Master Plan El Dorado Irrigation District --El Dorado The Water Supply Master Plan involves the master planning of water supplies throughout 220 square miles of the El Dorado Irrigation District, including the western slope of El Dorado County from the South Fork of the American River to the North Fork of the Consumnes River, except for Swansboro, Outingdale, and Strawberry, which have been separately evaluated. The project area is subdivided into three water supply regions: the El Dorado Hills, Western, and Eastern Regions. Buildout densities and demand forecasts were determined for each region, based upon the El Dorado County and City of Placerville general plans. Measure Y and the Writ of Mandamus on future land development in the County were also considered.	<b>NOP</b>	03/14/2002

2002022043	Oakview Office Building Master Plan Amendment and Precise Development Plan Novato, City of Novato--Marin The Oakview Office Building requires an Amendment to the San Marin Business Park Master Plan and a Precise Development Plan to permit development of a two-story office building, approximately 38 feet in height, approximately 56,216 square feet in area, with surface parking for 203 cars and related landscaping and improvements. The 8.35-acre is located at the end of Meadowcrest Road and is presently undeveloped. The subject site is situated in rolling hills and consists mainly of oak woodland habitat.	<b>NOP</b>	03/14/2002
2002021065	Diaz Residence San Diego, City of San Diego--San Diego Diaz Residence: Neighborhood Development Permit (NDP) and Variance No. 40-0686 to construct a new 3,832-square-foot three-story single-family residence on a 9,341-square-foot lot. A single story would be above street level with the remaining two stories downslope. The variance would allow an 18-inch front-yard setback where 6 feet is required in the RS-1-1 zone for lots in which at least half of the first 50 feet of lot depth have a slope of 25% or greater and an overall building height of 51 feet where 40 feet is allowed. The variance would also allow a side yard setback of five-feet three-inches where ten feet is required in the RS-1-1 zone. The project site is located at 4394 Arcadia Drive in the Uptown Community Plan area (Lot No. 40 fo Avalon Heights, Map No. 1600). Applicant Ruben Diaz.	<b>Neg</b>	03/14/2002
2002021066	Avenue G Widening Lancaster, City of Lancaster--Los Angeles Road widening resulting in an 84-foot wide right of way, comprising 1,108,800 square feet of pavement on a portion of Avenue G, 2.5 miles long, including a raised median, curb and gutter installation.	<b>Neg</b>	03/14/2002

2000111117	City Center Redevelopment Project Los Angeles Community Development Agency Los Angeles, City of--Los Angeles The Program EIR evaluates three development alternative scenarios: Minimum, Moderate and Maximum Probable Alternative, and also the required "No Project" Alternative. The purpose of the alternatives evaluated in the Program EIR is to bracket the range of possible or probable revitalization and development options. Realization of the Maximum Probable Alternative within the project area could result in the construction of approximately 5,100,000 square feet; 1,600,000 square feet of industrial space; 6,700,000 of commercial plus industrial square feet and 12,900 residential units over 30 years.	EIR	04/01/2002
2001071100	Prologis-Warehouse Distribution Building Rialto, City of Rialto--San Bernardino The proposed project is a 1,289,302 square foot warehouse distribution facility to be located on a 55 acre parcel. The proposed site for the ProLogis Distribution Warehouse is located directly northwest of Agua Mansa Road; approximately 2 miles north of the Santa Ana River; approximately 2 miles south of Interstate 10; and approximately 3.2 miles west of Interstate 215 in the City of Rialto, California. The proposed building will be a single-story industrial building with internal steel framing, concrete slabs on grade, and concrete tilt-up or masonry exterior walls. Appurtenant construction will include asphaltic concrete roads, parking lots, landscape areas, storm drain, and underground utilities. Four driveways are proposed with two onto Resource Drive and two that will access Agua Mansa Road. Portions of the proposed project site not covered by building development will consist of paved roads and 672 parking spaces, detention basins, and landscaping. A regional drainage pipe of 120 inches in diameter will be constructed from the northern end of the site along the western boundary to Agua Mansa Road, where it will meet an existing 120" culvert that runs under Agua Mansa Road. This drainage is a regional facility and will be maintained by the City of Rialto. An on-site storm drainage system will be constructed as part of the proposed project in compliance with Regional Water Quality Control Board construction NPDES and industrial NPDES requirements. 	(77-PD-10) to reconfigure the circulation pattern and reconfigure the open space areas as shown on approved master plan. (Note: The overall density is not increased from that shown on the Rancho Murieta Master Plan).		
	3. Vesting Subdivision Map to create four lots in the RD-1 zone and 234 lots in the RD-3 zone for a total of 238 residential lots, in addition to four space lots, five landscaped lots, one separate lot for the existing television tower, and one private road lot.		
	4. Exception from Title 22 (the County Land Development Ordinance) to allow only one point of access (second access for emergency access).		
	The Retreat project includes the following entitlement requests:		
	1. Rezone for 30.3 acres from A-2(PD) to RD-4(PD), consisting of three separate sites (17.0 acres, 6.7 acres, and 6.6 acres respectively).		
	2. Vesting Subdivision Map to create three residential "villages" with a total of 95 residential lots and four common area lots in the vicinity of the golf course driving range and club house.		
	3. Special Development Permit to allow patios to extend beyond the property line into the common area approximately 10 feet. Note: The request reduces the density shown on the master plan from 25 units per acre for the Retreat West and Retreat North less than 4 units per acre, and from 10 units per acre less than 4 units per acre for the Retreat East. Circulation patterns and open space patterns do not change.		
	4. Exception from Title 22 (the County Land Development Ordinance) to allow one point of access for more than 40 lots (Retreat North).		
1987120202	Nevin Avenue Elementary School Addition Los Angeles Unified School District The LAUSD proposes to construct a 2-story, 12 classroom, 15,600 square foot building, 8,000 square feet of new playground area, and a new school parking lot including approximately 60 parking stalls to serve grades 1 through 5. Proposed improvements would be constructed on an approximately 1.0-acre vacant lot located adjacent to the school, and on a small portion of the existing school campus.	<b>Neg</b>	03/15/2002

	a parking lot. The concept is to expand the existing Robin Hood Inn and Sherwood Forest lodges to create a hotel complex with restaurant, banquet, meeting facilities and a total of 43 hotel units. The secondary story addition at 40797 Lakeview Drive will consist of dining and meeting area, dance area, bar area, outdoor patio area, storage space, office space, and restrooms. In conjunction with the secondary story addition, the applicant proposes to reface the facade improvements using wood siding, wood beam treatments, copper awnings, rock treatment at the base and shingle roofing. The new 16-unit lodge at 520 Bartlett Road will be constructed of wood siding, log trim, veneer base siding and shingle roofing. The applicant is proposing to establish a parking management plant to create a dual loading/parking space and utilize 12 off-site parking at 40905 Big Bear Boulevard and to incorporate tandem employee parking in the parking lot reconfiguration and new parking lot.		
2002021073	Space Center Railroad Extension and Drainage Channel Improvements Project Victorville, City of Victorville--San Bernardino Extend existing railroad spur further north. Improve drainage channel by lining sides of channel and providing 4 drop structures to allow the slope of the channel to be flattened throughout most of the project, thereby slowing velocity and lessening erosion.	<b>Neg</b>	03/15/2002

1988041309	Tentative Tract No. 45879 Glendale, City of Glendale--Los Angeles California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement (SAA# R5-2002-0005) pursuant to Section 1601 of the Fish and Game Code to the project applicant, City of Glendale, 633 E. Broadway, Room 205, Glendale, CA 91206. The applicant proposes to construct a 40 foot cast in place concrete arch bridge over the creek. The roadway will extend the existing Somerset Road to serve a nine lot subdivision. The project will permanently impact 0.04 acre and temporarily impact 0.02 acre. The project is located in the City of Glendale in Los Angeles County.	<b>NOD</b>	
2001122029	Richard D. Lynton Parcel Map Siskiyou County Planning Department Montague--Siskiyou The applicant requests Tentative Parcel Map approval to divide 160 acres into four 40-acre parcels. The applicant requests Tentative Parcel Map approval to divide 160 acres into four 40-acre parcels.	<b>NOD</b>	
2002029009	Subdivision 8408 Fish & Game #3 Brentwood--Contra Costa Install a 42 inch outfall structure on the north bank of Sand Creek approximately 600 feet west of Fairview Avenue in Brentwood, Contra Costa County. The outfall structure will follow the County modified B-50 design utilizing loose rock riprap. Approximately 420 square feet of the north bank and bed will be impacted. SAA #R3-2001-0980.	<b>NOD</b>	
2002028231	Holly Street Ditch Maintenance Cleaning Fish & Game #3 --San Mateo The proposed maintenance work consists of the removal of accumulated silt and some emergent vegetation from a drainage ditch to reduce the threat of flooding. Approximately 150 feet of channel will be cleared using a Grade-All working from the roadway. Material that is removed will be hauled away and disposed of at an appropriate upland location. Only the central portion of the ditch will be cleared of silt and vegetation, allowing some cattail to remain on either side of the channel when the maintenance work is completed. Issuance of Streambed Alteration Agreement Number R3-2002-0046 pursuant to Section 1601 of the Fish and Game Code.	<b>NOE</b>

2000051062	<p>Airport Area and Margarita Area Specific Plans and Related Facilities Master Plans</p> <p>San Luis Obispo, City of</p> <p>San Luis Obispo--San Luis Obispo</p> <p>Adopt specific plans and facilities master plans, with amendments to the General Plan policy. Objectives are to improve the quality of public services and development, assure protection of most valuable natural resources, and accommodate additional housing close to employment.</p>	EIR	04/01/2002
2000091065	<p>Santa Ana Second Main Track</p> <p>Southern California Regional Rail Authority</p> <p>Orange, Santa Ana--Orange</p> <p>The proposed project is the construction of a second main railroad track immediately adjacent to, and west of, the existing single track from approximately La Veta Avenue in the City of Orange, south to 17th Street in the City of Santa Ana, a distance of about 1.8 miles. A second railroad bridge would be built over Sanitago Creek, immediately to the west of an existing bridge. The new tracks and bridge would be located within existing railroad right-of-way. Project construction between Fairhaven Avenue and 17th Street would require changes in the layout of Lincoln Avenue. These changes require the acquisition of underlying interests in several slivers of street property along Lincoln Avenue and acquisition of a small parcel of private land at the intersection of Santa Clara Avenue and Lincoln Avenue. The proposed project would include limited physical and operational improvements to four intersections (La Veta Avenue in Orange and Fairhaven Avenue, Santa Clara Avenue and 17th Street in Santa Ana), as well as all necessary safety improvements. The Volume 1A is the Summary chapter for the Recirculated Draft EIR.</p>	EIR	04/01/2002

2001112106	<p>South Stockton Redevelopment Plan Stockton, City of Stockton--San Joaquin</p> <p>The Redevelopment Plan proposes to alleviate a number of common factors within the South Stockton Redevelopment Area. These factors include unsafe buildings, factors hindering economically viable use of buildings or lots, and adjacent or nearby incompatible uses. The proposed Redevelopment Plan would provide the Redevelopment Agency the legal authority to engage in redevelopment activities to gradually alleviate the above conditions over a 30 year period. All redevelopment projects implemented under this Redevelopment Plan will need to conform to the City's General Plan as it exists today or is hereafter amended. The Plan will provide for infrastructure improvements. These improvements may include improvements to streets, existing or new curbs, gutters and sidewalks, storm drainage systems, water and sewer systems, street lighting, construction and improvement of public parking facilities, undergrounding of utilities, improvement of existing and proposed transit facilities, bicycle paths, and extending and reconfiguring streets where needed. Other redevelopment actions may include the provision of financing for residential, industrial, and commercial development or for rehabilitation of existing structures. Assistance may also be appropriate to remediate existing hazardous wastes within the areas. The Plan may also include special development standards to encourage infill development. In addition to adopting the South Stockton Redevelopment Plan, the City is considering amendments to existing Redevelopment Plans and the potential merger of the South Stockton Project with other existing Project Areas. No change in the activities allowed within the existing Project Areas will result from the proposed amendments.</p>	EIR	04/01/2002
2001112107	<p>Midtown Redevelopment Plan Stockton, City of Stockton--San Joaquin</p> <p>The Midtown Redevelopment Plan proposes to alleviate a number of common factors within the Midtown Redevelopment Area. These factors include unsafe buildings, factors hindering economically viable use of buildings or lots, and adjacent or nearby incompatible uses. The proposed Redevelopment Plan would provide the Redevelopment Agency the legal authority to engage in redevelopment activities to gradually alleviate the above conditions over a 30 year period. All redevelopment projects implemented under this Redevelopment Plan will need to conform to the City's General Plan as it exists today or is hereafter amended. Properties within the Redevelopment Area could be assembled and disposed of to private developers for new industrial, commercial, and residential uses. The Plan would also include improvements to infrastructure, these improvements may include streets, existing or new curbs, gutters and sidewalks, storm drainage systems, water and sewer systems, street lighting, construction and improvement of public parking facilities, undergrounding of utilities, improvement of existing and proposed transit facilities, bicycle paths, and extending and reconfiguring streets where needed.</p>	EIR	04/01/2002

	approximately one mile, and the other trail travels up and along the West Ridge of Cold Canyon. By joining these two trails, the proposed project will create a loop, allowing better hiking access to the Stebbins Cold Canyon Reserve. To establish the trail, California Department of Forestry and Fire Protection crews will remove brush from the trail and stack the brush for habitat or burn the brush where permissible. The Crews will install railroad ties for steps where necessary, and they will construct water bars to divert water off the trail where necessary to minimize possible erosion. The trail will be cleared of new brush annually or as necessary and additional steps and water bars will be installed as necessary to keep the trail in safe condition.
